

Subject: Independent Power Producers gathering in Windhoek on 12 December

Dear Sir/Madam,

We are very pleased to announce our participation as Supporting Organization of the next event hosted by Euroconvention Global in Sub-Sahara: **RENPOWER Southern Africa – The Renewable Energy, Off-Grid and Power Infrastructure Investors Conference.**

DATES: 12 December 2019

VENUE: Hilton Hotel - Windhoek, Namibia

ATTENDING: Key stakeholders including representatives from the government, International Finance Institutions (IFIs), policy makers, international and local developers, EPC contractors, independent power producers, engineering, legal and advisory services, manufacturers, banking and private equity entities.

RENPOWER Southern Africa investors 2019 will be the leading networking venue for key government decision makers and key stakeholders from the international market looking at the Southern African countries. This flagship event will be focusing on Namibia, Botswana and Zambia, which are countries that recently launched a series of tenders seeking qualified independent power producers (IPPs) for renewable energy projects.

The agenda has been divided in 5 sessions covering different aspects of the chain value of renewable energy projects – from the regulatory framework, to project execution to financing of RE projects in Namibia, Botswana and Zambia. Some of the topics include:

- Overview of the current status and challenges that face the development of renewable energies in Southern Africa
- Accelerating investment in renewable energy in the Southern Africa region
- Establishing solid regularity and planning framework that gives confidence to investors
- Reviewing the latest tenders happening in the region
- Development of renewable energy generation projects in-grid and off-grid
- The role of energy storage to scale-up renewable energy projects in Southern Africa
- Quantifying cost-effective size for utility-scale renewable energy projects
- Analyzing and measuring the impact of variable renewable energy (VRE) sources in the generation of electricity
- Pay-as-you-go energy distribution: boosting off-grid energy solution in rural areas
- How to maintain Southern Africa's attractiveness to investors seeking new IPP's
- Collaborations between DFI's, IFI's, commercial banks, and private-equity funds to meet-ends of a long-term financing energy project

JOIN AS DELEGATE(S): The detailed agenda and the registration form will be shared with you upon your **written inquiry** to the organizers.

AWEAP ASSOCIATES will enjoy a 15% discount on registration and corporate packages.
Please refer to the code **RPAWN15** when inquiring with the organizers.
